LOBBY & CLUB HOUSE (สี่อบปี & คลับเฮ้าส์)

Here at Gassan Marina Golf Club we bring you a new dimension in how we play and enjoy golf in Thailand. Being 7,761 yards in size, it makes the largest course ever designed in the kingdom. It has a unique distinction as all 37 holes are being designed around the contours of the largest lake in Chiang Mai, being 10,000 square meters in size. So far 19 holes, par 76 have been completed, and are ready to play on, this makes the longest course in Thailand. The terrain going to be used on the two golf courses will consist of water sides, ditches, bunkers and exotic greenery; to complement the fine design of the courses we have a backdrop of mountains.

Our customers here will enjoy distressing themselves in the newly designed clubhouse which will be constructed to overlook the Grand Lake and surrounding mountains, it will be decorated and furnished using the inspiration of European architecture and the beauty of the Dubai Arabian style, the club house will contain a Thai and International restaurant, a seminar room, a pro shop.

Gassan Marina Golf Club is also planning to have Thai Massaging, Spa, swimming pool, gym, Tennis court and a Driving range all within the resort, for Golfers and Families to enjoy. We also plan to set out new housing and land projects, in the resort to sell to our customers.
